

New Boundary Technologies® Guarantee

Our customer experience shows significant energy savings through the use of PwrSmart® Service. If for any month during the initial three (3) month period of Subscriber's PwrSmart Service use, the aggregate electricity savings on Managed Computers is not at least two-times (2x) the monthly fee owed for that same period, PwrSmart Service will be provided free of charge for that month period. Within thirty (30) days of invoking this guarantee, subscriber may also terminate the Service Agreement associated with those Managed Computers.

Subscriber Eligibility:

- Managed Computers must be subscribed to PwrSmart Service for the full monthly billing period.
- Managed Computers must be assigned "PwrSmart Best Practice" Power Scheme during for the full monthly billing period.
- Managed Computers must not have conditions preventing PwrSmart Service from performing its normal operations.
- Subscriber must invoke guarantee within fifteen (15) days of invoice date for the month period.
